## 1-601 Rapid Fire Lemoyne Star® Basic Construction

Volcanoes don't belong in the center of an eight-pointed star and they won't happen to you when you use the Rapid Fire Lemoyne Star® tool. And, by the way, there will be no Y-seams either! Be thoroughly stunned when you learn how to make a Lemoyne Star using a strip method. You will be able to make blocks as small as 3" all the way up to 12" with the same level of accuracy.

\*Required tool: Rapid Fire Lemoyne Star®

+Required Design Sheet: Rapid Fire Lemoyne Star

\*Can be purchased at Inspire class with 20% discount + Included in class fee
