

**Scan N Cut Canvas, the next step.... with Nancy Lewis**

**Wednesday 1/17/18 from 10am-2pm**

ScanNCutCanvas is a cloud-based web application that combines the versatility of your favorite design software and the awesome cutting power of your Brother™ ScanNCut, giving you the ability to easily convert .SVG files to .FCM, Image Tracing and Processing Overlapping Patterns. It will Greatly expand your craftwork by importing projects that you have created or edited with ScanNCutCanvas into your ScanNCut cutting machine, via the ScanNCut memory stick port.

Nancy says Canvas is a hugely important tool in making your ScanNCut machine do more. Join Nancy as she guides you through the capabilities of ScanNCutCanvas.

\*ScanNCut Basics is a prerequisite for this class.

CLASS FEE: \$35
