

Rangeley Wall Hanging with Kelly

Friday, February 16, 2018 from 10am-4pm

The streamlined construction of this star block was conceived while working at a retreat in Rangeley, Maine: hence the name. Using Deb's Tucker Trimmer 1 tool and an additional trim, all those complicated star points become simple to make. The project has a complex look, but is actually very easy to construct. Just what we like!
