

**HOT FLASH! - A Tucker Tools Project with Certified Instructor Donna Morrell**

**Saturday, 3/24/18 from 10am-4pm**

A great two-color quilt. Create with many different darks and lights or you could use just one dark fabric and one light fabric for an equally effective end result. Adding black as an accent adds a third color to create the pieced border.

Hot Flash is a terrific pattern that can be made with from a fabric stash! Simply choose strong light and strong dark fabrics and add a terrific couple of tools and you're on your way toward making this spectacular quilt. Deb Tucker's Rapid Fire Hunter's Star tool and techniques were used to make the center and her Tucker Trimmer 1 tool to make the pieced border. Much simpler to sew than you might think!

We are pleased to have Donna Morrell at Inspire! to teach this class. Donna is a certified Tucker Tool instructor and will be here to show us all the tricks in making this fun project. Project Size 55 ½' x 69 ½''

CLASS FEE: \$50 SKILL LEVEL: Intermediate -

*\*Students receive 15% discount on all supplies purchased for classes at Inspire!*

**Supplies:**

- Studio 180 Design Petite Rapid Fire Hunter's Star tool -required
- Studio 180 Tucker Trimmer I - required
